

## M.Sc. International Logistics & Supply Chain Management ISM – EM Normandie

### German-french double degree

ISM students who opt for the program at the Ecole de Management de Normandie (EM Normandie) spend their first two semesters at the ISM campus, followed by one or two semesters at EM Normandie. Here you can study in modern lecture rooms and libraries on an international campus.

Students write their master's thesis while completing a six-month internship either in Germany or abroad. Once students have passed all the necessary examinations, they are awarded two master's degrees: a Master of Science in International Logistics & Supply Chain Management from the ISM, and an additional degree in the program of their choice from EM Normandie. With this double degree program of the ISM you acquire two master's degrees within two years + master's thesis.

### Additional degrees available at the EM Normandie

- Master in Management (M2) in Supply Chain Management
- Master in Management (M2) in International Logistics & Crisis Management

### Study language

All lectures at the Ecole de Management de Normandie are offered in English, and students also write their thesis in English.
